PONTOON was the venue of choice for May 28th's 555 Blue Night extravaganza which saw customers of the cigarette brand flock to the club for a night of food, funky beats and fun. Finger food and drinks were enjoyed as DJ Solo spun pop classics on the decks and guests were presented with gorgeous goodie bags and a load of other surprise gifts during the evening. Also on the social agenda was Cambodia's first international luxury wedding fair held at the lush Sofitel hotel on June 4. Wedding planners and stalls showcasing decorations, cakes, fashion and make-up were all on hand. Perfection!
